 ← Pray for the
Armacost Family
servicing in Tasmania, Australia

February in Australia is much like September in America – summer draws to a close, and students return to school. Joy has started 11th grade and is adjusting well to her new routines.

Three training groups restarted from the summer break, ambitious to get back to the task of reaching Australians with the Gospel. Ben continued meeting with Joy and 2 of her friends, and we began to consider how to reach their unsaved classmates. Ben has also restarted LifeQuest, a disciple training method for children and youth, with 7 young people participating.

Judy has spent many hours helping P. and K. to clean and organize their house. With 2 small children, they have been finding it difficult to manage the day-to-day tasks at home. They are receptive to the Gospel, and Judy has shared with them many times to help them understand God's love for them.

Ben met with Mark and Ken, two of our colleagues working in other parts of Australia, to discuss future strategies. We also presented the Reboot method to 2 pastors in Adelaide. Pray that this method will mobilize many believers to share the Gospel and start many new churches throughout our nation!

Our Prayer Requests for March 2008

- Pray for our disciple training groups in Tasmania. At present, there are four groups which are continuing on from the end of last year.
- Pray for the many new groups which will be started this month. One of these will be our first ethnic group, consisting of Africans who have recently immigrated to Australia. Pray that we can mobilize them to reach their own people, as well as to be a witness to Australians.
- Pray for David and Ross, who live and work in the northern part of Tasmania, as they plan to train others.
- Pray for the church that meets at Lisa's house. A deeper step of commitment as a church is being taken as they begin to train the believers in the group.
- Pray for P & K, a husband and wife who are seeking God.
- During the upcoming Easter season, pray that we will have many opportunities to share the Good News with people here.
- Pray for Joy as she attends her school camp this month. Pray that she will have many opportunities to be a witness through her actions and her words.

We appreciate our many prayer contacts, especially those in our key churches in Maryland, Pennsylvania, and Virginia. These individuals share this prayer news with their churches each month, and they keep us informed of what is happening on the home front! Prayer is a vital part of our ministry, we are continually looking for faithful believers to pray for us. If you would like to represent us as a prayer contact in your church, please email us at prayerpartners@submitting.org
